

**SRFS TELEINFRA** was set-up in 2019. However, the management team and other team members have a history in RF industry from the year 1995. In the year 2019, the team and assets were set-up into the new entity under the name of: SRFS TELEINFRA.

**1995:** Started supply of RF Connector, RF Cable, RF Adaptor, Antenna to Indian/Overseas market from the previous organization.

**2000:** started Supply of IBS and BTS Components to Indian/Overseas market from the previous organization.

**2005:** Started in building Solutions , including RF Survey , Design, implementation, drive test and optimization.

**2010:** started supply in DRDO,ISRO, TBRL, BEL,ITI ,Limited with previous organization

**2012:** Spun-off into a separate entity: Signity RF Solutions to focus on Hi-Rel type Interconnects with full dedication and vision for meeting the high quality and high reliability standards of our military and aerospace customers.

**2014 :** started supply of RF & MW components in middle east and european market.

**2017:** Introduced innovative mixed signal RF+Electrical Harnesses in MIL-24308 and MIL-38999 versions. A single Harness can include multiple signals like Fiber, RF, Ethernet or and/or Electrical

**2019:** Start a new organization with state of art facility in new delhi for antenna and cable assembly, manufacturing , we believe in “Make in India” and it is our endeavor to support this campaign by contributing our little bit.

**2020:** At pandemic situation our R&D team developed a system For Indian Army to block IED Communication , anti drone gun with using our high-quality antenna and counter surveillance technique

## Our Strength

- *We maintain a huge stock to meet all the requirements of our clients. Our good network and healthy professional relationships with reputed companies help us to procure even bulk orders in a short span of time*
- *The quality of our cables, antennas and other products are at par with the international standard as we stock products only from the renowned and established companies*

## Vision

- *Our vision is to be the customers' first choice and leader in the offerings of stock of all kinds of connectors, cables and microwave components of the shelf solutions and related information to commercial, industrial, contractor, and institutional customers. Our aim is to improve our services up to customer satisfaction.*

## Mission

- *Superior service and satisfaction for each of our customers*
- *Mutually fair, responsible, and beneficial arrangements with each of our suppliers*
- *Professionalism in all aspects of our business operations*
- *To operate for quality long-term growth while sustaining sound and conservative financial policies*
- *To operate with the highest moral, ethical, and legal standards.*

# Why SRFS TELEINFRA?

- SRFS puts customer satisfaction first
- SRFS has two decades of experience supplying high-performance, high-reliability products
- SRFS has supplied thousands of components to defense and commercial markets
- SRFS has hundreds of standard designs that can be quickly and easily modified to suit your requirements
- SRFS has a 2-year product warranty
- SRFS offers quick-turn production capability
- SRFS stocks large product quantities on the shelf for immediate delivery
- SRFS is ISO 9001-certified
- SRFS employs an efficient Customer Relationship Management system

## SRFS Corporate Features

- ISO 9001 certified
- 2 Year's Product Warranty
- Effective Intranet System.
- Fully accumulated product, Production, R&D experience information.
- Over 17 years experienced Production and R&D engineers.
- Usefully Operating to CRM ( Customer Relationship Management )
- Operating SMART OFFICE MOBILE OFFICE
