

Solar Aviation LED Light

Product Description

Features:

Corrosion resistant ,Excellent navigating property, Durable,
Pocket-friendly

Electrical & Mechanical Specifications

Frequency	50 - 60 Hz
Lighting Type	LED
Lighting Color	Red
IP Rating	IP66
Material	Aluminium Alloy
Weight	1680 gms
Solar Panel Voltage	12V DC
Lux level	At 1 Meter 32 Lux
Long life LED	1,00,000 Hours (12Hr/Day = 22 Yrs.)
Input Voltage	180 - 280V AC or 40 - 58V DC
Power consumption	5.8 W
Led Number	30 Nos are used in 6 circuit parallel
Operating temperature	-10 to 60 Degree C
