Anti Drone Jammer

When speaking about drone jammer, maybe you don't know what it is. But when it comes to drones, everyone will not feel strange. The expansion of drones into our everyday lives is occurring at an unprecedented rate, and although most people using drones find them as enjoyable forms of entertainment or specialized tools for industrial applications, there are unfortunately some who fly them in an improper manner.

With a relatively low expense, high availability, and ease of portability, drones are in many ways ideally suited for criminal enterprises. Therefore, the government needs a corresponding way to deal with illegal drones. Unfortunately, the government has tried a variety of methods but still has not completely solved the problem.

SFRS TELEINFRA was set-up in 2019. However, the management team and other team members have a history in the RF industry from the year 1995. In the year 2019, the team and assets were set up into the new entity under the name of SFRS TELEINFRA.

During a pandemic situation, our R&D team developed a system NRPAS For the Indian Army to block IED Communication, and an anti-drone gun using our high-quality antenna and counter-surveillance technique.

Types of Drone Killer Devise made by SFRS TELEINFRA

1. Handheld (SRFS PDK-3071H)
2. Manpack (SRFS-4075H-UAV)
3. Desktop (SRFS-3018NH-UAV 8 Bands)
4. Vehicle mount (SRFS-6078H -HGA)

SRFS PDK-3071H Handheld Anti-Drone Jammer

Portable Anti-Drone Jammer , Max 36W, 4 Bands

5.8GHz 10W , 80 mins Built-in Battery

4 Bands in One Directional Antenna

Two 2.4GHz Bands 10W per band

Cover Most Commercial Drones / UAVs

Adjustable Output Power each Band/Channel, Max Output Power to 0 (OFF)

100% Safe VSWR over protection (Isolator) for each modular

SRFS-3018NH-UAV 8 Bands Desktop Jammer

Outdoor Drone UAV Jammer 8 Bands

Adjustable Output Power each Band/Channel, Max Output Power to 0 (OFF)

100% Safe VSWR over protection (Isolator) for each modular

SRFS-6078H-HGA Vehicle Mount Jammer

Cover Most Commercial Used Drones / UAVs

**Most professional Drones/UAVs (Distance 1-3Km) use 2.4GHz for Remote Control System
Like Dji Phantom 4, Phantom 3 Professional, Advanced Series, Inspire Series...**

Adjustable Output Power each Band/Channel, Max Output Power to 0 (OFF)

100% Safe VSWR over protection (Isolator) for each modular

SRFS-4075H-UAV Man Pack Jammer

Three 2.4GHz Bands 20W per band (2 bands in Directional Antenna, 1 band in Omni Antenna)

Cover Most Commercial Drones / UAVs

Like Dji Phantom 4, Phantom 3 Professional, Advanced, Standard series, Inspire Series...

Adjustable Output Power each Band/Channel, Max Output Power to 0 (OFF)

100% Safe VSWR over protection (Isolator) for each modular

SRFS PDK-3072C Handheld Anti-Drone Jammer

Portable Anti-Drone Jammer Max 36W

4 Bands, 80 mins Built-in Battery

4 Bands in One Directional Antenna

100% Safe VSWR over protection (Isolator) for each modular
